

## The Faison Center Employment Academy

### Community Partner Application

*Employment Academy at the Faison School is designed for students aged 16 – 22 years, it consists of full day, community-based instructional services. The services focus on vocational, social, communication and other critical daily living skills in the context of an internship opportunity with a community partner.*

*Each internship opportunity allows students to learn a variety of skills, some being specific to the vocational setting, while others are applicable to a number of community and social situations. Each experience is crafted to first assess and then teach vital vocational and other life skills to students. If you are interested becoming one of our community partners please fill out the application below and submit it to Christopher Morgan at [cmorgan@faisoncenter.org](mailto:cmorgan@faisoncenter.org).*

**Name of Organization:**

**Date:**

**Best Person to Contact at Organization:**
